

Forward Manufacturing Co., Inc.

# TWO-POST LIFTS

Showcasing our DP Series

ALI/ETL third party  
tested & approved:  
I-DP9 AND DP10 Models

*Engineered to Perform...  
Built to Last*

*Our 5th decade  
of quality manufacturing*

### Features:

- “Direct Pull” Lifting
- High Tech Gear Style Arm-Restraints

- Truck Adapters Included

- Padded Shut-Off Bar

- Low Profile Arm

- Powder Coat Finish

### Advantages of Forward Lifts:

- Full-height structural steel columns and structural crossbeam ensures strength throughout your lift!
- Padded shut-off safety bar prevents damage when lifting extra tall vehicles
- Dual safety latches – twice the safety!

### DP10 Series: Our Most Popular Lifts

Features of Forward DP Series Lifts:

- Direct-Pull Lifting – High efficiency, low maintenance technology
- Closed loop hydraulic system – preventing hydraulic contamination
- Powder coat, oven baked finish – more durable than conventional coatings
- ALI/ETL third party tested & approved
- Low Profile Arms
- Includes Truck Adapters
- Dual Safety Release System
- Optional Narrow Bay Model

### DPO15 Series Lifts

- Direct-Pull Lifting System (Low Maintenance)
- Closed loop hydraulic system – preventing hydraulic contamination
- 12,000lb and 15,000lb Capacity - Suitable for a wide range of commercial vehicles
- Overhead Design - Allows for unobstructed work area
- Lifting Mechanism - Two, heavy-duty direct-pull hydraulic cylinders
- Includes Truck Adapters

### Model 9000 B Series

- 9,000 lb. Capacity for facility with low ceiling
- Dual Hydraulic Cylinders
- Carriage Latch System – automatic engagement every 3” and automatic latch reset
- Truck adapters included
- Closed Loop Hydraulic System
- Powder Coat, Oven Baked finish

### Benefits of buying Forward lifts:

- Designed to rigid safety standards
- Best distributor network in the industry
- Three-year limited warranty
- Best Value in the industry
- Skilled service support and prompt response
- Quick Product delivery
- Member of Automotive Lift Institute
